Red Cross To Go Over Top In Big Drive

Half of Sierra Madre's Quota of 750 Members Is Raised

Memberships Taken Daily at Booth in Hotel Sierra Madre Patio

Three hundred and fifty-two members had signed up with the Red Cross up until noon yesterday, with four hundred more to go until the close of the drive on Thanksgiving day, according to Robert Mitchel who is conducting the local campaign.

Sierra Madre's quota is 750 members, and every effort is being expended to place the community over the top. Headquarters are in the patio of the Hotel Building, and memberships are received there all day long. There is always an attendant at the table, and will continue to be untill the close of the campaign.

In a plea for Red Cross memberships, Secretary of Commerce Herbert Hoover says;

"The American Red Cross is charged by the Congress of the United States with the responsibility of continuing and carrying on a system of national and international relief in time of peace and of applying the same in mitigating the suffering caused by pestilence, famine, fire, floods, and other national calamities, and of devising and carrying on measures for preventing the same.

"If the Ameriacn Red Cross had not already given conclusive proof in the past decade of its ability to fulfill these obligations, it amply demonstrated its fitness to serve as the Nation's agency for providing the services of rescue and relief in disaster during the months the Mississippi river, and its tributaries, were creating the greatest catastrophy in our history.

"With its operations in the Mississippi Valley floods—during the period of which it provided relief in 14 other disasters in 11 States — the Red Cross stepped into a new era of service. It showed the people not only that it is manned and equipped to handle large disasters, unaided; but that in extraordinary catastrophes it provides a nucleus about which may be found an organization capable of meeting the needs of a disaster of any imaginable proporations.

"Furthermore, through the machinry of its nation-wide network of Chapters, the Red Cross can obtain funds required for relief in great disasters in larger amounts and quicker time than they can be obtained in any other way.

"There is ample evidence that the demands for Red Cross services in the past few years have increased. The devotion of the people to the Red Cross must now be expressed in a larger membership, if the organization is to continue to meet its obligations in full measure.

"Five million members should be the very minimum of the expression of the confidence of the people in their Red Cross.

Corita Lieben In Splendid Program

The size of the audience attending the Woman's Club concert Tuesday night was in itself a fine tribute to the popularity of the principal artist, Mrs. Howard Lieben. The anthusiasm with which her singing was greeted proved that she had lost none of her power to charm with rich tones, artistic interpretation and fine stage presence.

In making up her program, Mrs Lieben provided a fine variety, showing the great range in tone and quality at her command. Although she sang in German and Italian also, her perfect enunciation of English showed it was not necessary to sing in a foreign tongue to conceal faulty diction common to many singers.

Mrs. Gladys M. Clarke, violinist, afforded the audience rare pleasure in her two groups and encores. Mellow tones and fine bowin, combined with attractive personality to achieve a most pleasing effect.

The wfect. of Mrs. C. A. Wolfe as accom was a delight in itself.

ESSAY PRIZE IS RECEIVED BY HERRMANN

Fred C. Herrmann of 493 Auburn Avenue has been notified that he is among the prize winners in an essay contest conducted by the educational committee of the Masonic Grand Lodge of California during the year. The contestants were free to write upon a wide range of topics of Masonic interest and Mr. Herrmann wrote on the topic, "What Masonry Means to Me." The contest being state wide there was a large number of entrants for the numerous prizes offered. Mr. Herrmann was offered his choice of a number of books on Masonic topics in recognition of his work. He was made a Master Mason in Sierra Madre lodge about two years ago and has devoted a great deal of time and thought to study of the ritual and history of the fraternity.

Junior High School Plan Great Asset

Prof. Stickle Tells Community Club Audience of New Methods

Junior high school as a sorting place where pupils who have been equipped with the "tool studies" taught in elementary schools can get their bearings and chart their course for future education, was the subject of an intensely interesting talk by Charles E. Stickle, instructor in Woodrow Wilson junior high school, at the meeting of the Men's Community Club in the Congregational church last night. It was "ladies night" and many mothers took advantage of the opportunity to learn more about new educational methods.

Violin numbers by Prof. Theo. Gundry, head of the orchestra department opened the program. In tone, finish and interpretation his work left little to be desired, holding the audience enraptured. His numbers demonstrated his right to his splendid reputation as a soloist and teacher. Accompaniments were played by Mrs. George B. Morgridge.

Mr. Stickle's address dealt with the development of the modern educational system, and the effort to get away from the old arbitrary and accidental divisions in the curriculum. Elementary courses which were formerly allotted eight years are now covered in six. Then begins a period of experimentation to discover the aptitude of each individual, so that subsequent courses can be suited to his tastes and abilities. In this way it is sought to avoid occupational misfits. New methods of study are introduced during the junior high school course, and while the pupils sometimes have difficulty in readjustment at first, the time saved in the long run is well worth while.

Mr. Stickle made an earnest plea to parents to come down to Woodrow Wilson school, become personally acquainted with the splendid faculty, observe methods and conditions, and cooperate in working out the problems in which all have a common interest. Following the program, President W. S. Hull invited the audience to the church parlors where refreshments were served during the social hour. Mrs. Magnusson, assistant principal, and Mrs. Stanley of the English department, were also present. It was evident that the occasion would serve to bring the community into closer relations with its junior high school, with corresponding appreciation of the advantages offered.

Post Clears $225 At Carnival Given Armistice Night

That the town is standing solidly behind the American Legion post was signified by the success of the Armistice night undertaking, was the declaration of R. R. Moreland, commander, today, following a check of the financial returns.

The sum of $225 was cleared at the dance and carnival, Moreland reported. Not only was the dancing space at the Woman's club packed with merrymakers, but those present spent money freely at the various booths and concessions.

Hospital And Welfare Work Is Reported

Auxiliary Accounting for the Year Given by President at Installation

Large Amount of Charity Credited to Local Women

Hospitalization and general welfare work done by the American Legion Auxiliary unit during the past year has amounted to $356.79, in actual cash and a great deal more in personal time and work, it became known last night when Mrs. Ralph Stewart, incoming president gave a summary of the activities for the year prior to the convention.

Mrs. Stewart, along with the other newly elected officers was installed last night at the joint session with the Legion post, with Mrs. Carol Marks, first president of the District of California acting as installing officer. She was assisted by Mrs. Ernestine Aylward, committeewoman of the 9th district, who acted as sargent-at-arms.

While Mrs. Stewart, in her brief address, was unable to give a detailed account of the work for the year just past, she was able to give a general account, taken from the historian's report and questionnaire prepared by her.

The auxiliary, organized in 1923, now has a membership of 34. Of the $356,79 expended for welfare work during the year ending June 31,1927, the unit spent $78.50 for general welfare; $5 for hospital furnishings; $15 for civil welfare; $29:10 for state welfare; $5 for national welfare; $224.19 for special work such as clothing, groceries, funeral flags, etc.

The funeral flags are a specialty of the local unit, and are placed beside each grave. During the past year there were five funerals. Nine visits were made to hospitals for ex-service men and women and 90 calls were made to private homes.

In addition to the general child welfare was not neglected and $66.68 is the estimate placed on work in this department. Children's clothing to an indigent family in Los Angeles was valued at $10.25. A Christmas party to a family of Mexican children, taking into consideration fruit, nuts, candy, toys and clothing cost the unit $10. A much desired ukelele was given to the little daughter of an ex-service man in Sierra Madre, and cost $2.09.

Proceeds from the poppy sale amounted to $36.44 and were sent to the department to be used for child welfare. The Sierra Madre quota for the upkeep of the home at Burbank was $7.50 and a box of clothing delivered to Aylward amounted to $8.00.

The Auxiliary co-operated with the post in making wreaths for the graves in the cemetery, and although only two world war veterans are buried in the local cemetery, 21 wreaths were placed. A wreath was also placed on the tablet in the City Park in memory of a lad who gave his life in France.

Nine visits were made to the San Fernando hospital, and baskets of fruit, glasses of jelly, and clothing were contributed. At Christmas time, instead of sending dainties, several of the patients who receive no compensation were given clothing. Two Sierra Madre men were in the hospital at the time, and each received a potted poinsettia.

There are 17 disabled ex-service men in Sierra Madre and one widow of an ex-service man, all of whom are receiving aid from the local auxiliary. One family is supplied with groceries each month.

Social events of the year, either given by the auxiliary or the auxiliary have been most successful. A number of card parties, a dinner in honor of the 1927 incoming officers, the Armistice night dance, a food sale, and a joint Dutch supper with the post were among the social events of the year.

Plans for the coming season include an even larger welfare program, and will be carried out by an excellent corps of officers who were installed last inght.

CITIES TO PLAN FOR FUTURE AIR PORT NECESSITY

Although Will Rogers, cowboy ex-mayor Beverly Hills and twister of the world has been accredited with the remark that the United States is the only country in the world that uses air for speaking purposes only, the recent achievements of Lindbergh, Chamberlain, Byrd and others belie such statement.

As a result of the interest awakened in avation by the exploits of these fliers, the project of a municipal airport in every community is being pushed strenuously by California, and at the last regular meeting of the Sierra Madre community council a communication regarding the possibilities of an airport was read. While there is no immediate interest in the matter in Sierra Madre, the communication, which had gone to all towns in California, urges that in city planning some provision be made for future needs.

The increasing use of airplanes in commercial enterprises is shown by the report covering the entire United States for a period of one year, ending December 31, 1926;

Number of operators, 585; passengers carried for hire, 76,567; airplane hours flown, 234,313; paid freight, pounds carried, 418,989; planes in civil aviation service, 1,342; licensed pilots, 2,000; airplane miles flown, based on 80 miles per hour, 18,746,640.

Udell Makes Fine Record In Arizona

Expected Rest Terminated Abruptly by a New Assignment

A. M. Udell who has been spending a few days at his home, 154 San Gabriel Court, will leave in a few days for Boise, Idaho, where he will spend the winter months working on a government road contract. He returned last week from Grand Canyon, Arizona, where he spent five strenuous months in charge of a big road crew on another government highway. His excellent record there brought the offer, unsolicited, of the work on the northern contract.

At Grand Canyon Mr. Udell was employed by the VanLandingham Company of Salt Lake City who had the contract for the first unit of the new road along the south rim of the conyon. The government has embarked on a road program of a million dollars yearly for several years, and the first unit involved some pioneering experiments in road construction. The problems were too much for several of the executives who started the job, and Mr. Udell wound up the season's work in charge of all the outside operations. The rock crusher and camp were under separate heads.

On account of low temperature prevailing at Grand Canyon during the winter it was necessary to suspend the work on the type of construction done there until April 1st when Mr. Udell will return to the job. His well known capacity for using his head, demonstrated in years of construction work in and around Sierra Madre, stood him in good stead when he got in large scale operations. The evidence is contained in highly complimentary letters from authorities of the national park service under whose jurisdiction the work was done. Naturally Mr. Udell was gratified at such recognition, and also at the prospects for future work which were opened up thereby.

During the winter Mr. Udell will be employed on a contract held by the firm of Morrison and Knudsen. The offer came as a surprise after Mr. Udell had returned home with the expectation of taking a rest. Inquiry revealed the fact that the contractors had sought his services upon recommendation of federal engineers. He was requested to report in Boise at once, but ask for the privilege of remaining home until Thanksgiving day.

School Cook To Have Help During Noon

Parent-Teacher Assn. Votes To Pay Salary of An Assistant

Cafeteria Manager Rushed to Supply the Demand for Lunches

Special appropriation for the salary of an assistant cook and server in the school cafeteria during the noon rush was voted Wednesday at the meeting of the Parent-Teacher Association. Mrs. Eleanor Patterson, who has been taxed to the breaking point this year, since the removal of the 7th and 8th grade pupils toward whom she looked for assistance during the two hours at noon, will have a helper from 11 until 1 o'clock in the future. The salary of the extra woman will be paid out of the P. T. A. Funds.

Approximately 150 children pass thru the cafeteria in a period of fifteen minutes, and the task of dishing out the food has been no light one.

Another matter discussed by the organization Wednesday afternoon was the distribution of the Thanksgiving baskets. Mrs. Barker, school and city nurse, made a report on the needy families whose children were in school, and while it was evident that there are approximately twenty-five to whom baskets would be acceptable, only the five in dire need would be visited by the P.T.A. Baskets will be filled with all nenessary supplies for a fine dinner. In this connection, any cash donations which parents wish to send to school by the children will be gladly accepted by the organization.

The program Wednesday afternoon consisted of a play, "What Happened to the Book," by the pupils of Miss Redman's room, music by the school children, a reading, "Teaching the First Grade," by Miss Claire Newman and a talk by Miss Helen Wones on "Educational Measurements."

Mrs. L. S. Haigh of the Woman's Press Club of Southern California, addressed the assemblage of fifty mothers on "What Children Want."

At the close of the meeting there was a social hour, with tea served.

Doll House On Boulevard A Novel Place

Betsy Ann, the doll of movie fame, will make her bow to the people of Sierra Madre and vicinity Saturday afternoon. Free cones for the kiddies will be a big attraction, but the novelty of the new establishment on the Foothill Boulevard at Sierra Madre Avenue will be a magnet for young and old.

The Betsy Ann Doll House is the third to be constructed, and the program of the Betsy Ann Doll House Company calls for the building of 150 of them in all parts of the country during the coming year. The company headquarters are in Hollywood, and construction of this unit has been in charge of F. A. Borchert, secretary of the company.

The Doll House is a giant replica of the Betsy Ann Dolls, and affords an attractive station for Betsy Ann Ice Cream, Betsy Ann Candies and Betsy Ann Dolls. The dolls in turn are modelled after a life mask of Betsy Ann Hisle of movie fame, who was seen in Beau Geste and other notable films. The little lady will appear in person between the hours of 2 and 4 on Saturday for the opening of the Doll House.

The sculpturing of the huge doll figures was done by Yerbysmith, the artist who makes figures for use in the pictures of Fairbanks and other producers. Outside of this and the steel shell which lines the house and forms the base of the superstructure, the work was all done by Sierra Madre contractors.

The Doll House will be operated by Mr. and Mrs. A. J. Hartman, owners of the property on which it is located. They are also building among the oaks a group of attractive one-room stucco cottages, together with a residence for themselves. A driveway around the Doll House will also pass a fishpond and water garden.

FOOTHILL BLVD. WIDENING COMES BEFORE MEETING

Perfection of the details for the widening of the Foothill boulevard will be discussed at the meeting of the United Foothill boulevard association this evening at the Cook-Woodley offices in Arcadia at 7:30. All citizens of Sierra Madre are urged to attend, and President W. R. Humphries of the Chamber of Commerce as well as other members are planning to be present.

Special Meeting of Post Monday

Discussion of an important subject will take place at the called meeting of the American Legion Monday evening, November 21, and all members are urged to be present.

Snyder Sets High Ideals For Kiwanis

South Pasadena Kiwanians Guests of the Local Organization

South Pasadena Kiwanians came to Sierra Madre in force on Tuesday for the meeting of the Kiwanis club. Vice President Ray Grant turned the meeting over to the visitors and President James Berryman presided at the table, which reached the length of the Wistaria room. A delicious lunch was served by a committee of Woman's Club members, headed by Mrs. W. R. Lees.

Judge W. Clyde Snyder was the speaker of the day, and his talk on "Ideals of Kiwanis" was a gem of inspirational oratory. Who is to blame for the misfortunes of people who suffer in spite of honesty and industry? Changing economic conditions, the turn of the wheel of chance when catastrophe reduces a family from affluence to poverty—who is to blame and who shall bear the burden?

As a corollary to the ancient dictum that "the sins of the fathers are visited upon the children" Kiwanis says, "The sins of society are visited upon the individual. therefore it is the privilege and duty of society to help bear the burden of those who are less fortunate." Judge Snyder pointed out the many ways in which Kiwanis clubs of the country have sought to do their share. It was an inspiring recital and well calculated to develop a spirit of helpfulness in individual and organization effort.

The spirited singing of the South Pasadena group gave the local Kiwanis members a standard to work to. The introduction of the members of both clubs afforded an opportunity for fun as well as better acquaintance. Other visitors introduced were Reeve Hobbie, W. H. Reynolds and E. W. Hayes of Monrovia.

Skating Party To Be Big Event for Fellowship Class

If you can't stand, you can at least sit down, and it doesn't matter whether you sit down in a chair along the side lines or in the middle of the floor, inasmuch as everyone will be garbed in rags and tatters anyway.

A hard time costume and a ticket, which is now on sale and obtainable from any member of the Young People's fellowship of the Episcopal church, will pass anyone into the skating rink at Alhambra on the evening of November 23rd, at which time the organization will have the entire outfit for the evening.

There are 150 pairs of skates, and the young people hope to have every pair in use. Candy and soda water will be sold, and prizes will be offered for the best costumes. Serpentine and confetti will be distributed during the evening. Bob Webster is in charge of the affair.

The "Roosters" of the Los Angeles Breakfast club, headed by Marco Hellman and Pat Shanley, were guests of the Foothill Club Thursday morning, when the ham and eggs were masticated under the oaks. The usual enjoyable program of vocal and instrumental music was enjoyed, with Bill Hatch's orchestra and the Crooners Quartet as features. About twelve Sierra Madre business men were in attendance.

Harris Trunk Lecture Here December 1

Famous Detective Secured For Evening Program In Sierra Madre

Local Police Department Is Responsible for Fine Entertainment

The personal appearance of Nick Harris, famous Los Angeles detective, in his equally famous trunk lecture alone would warrant a full house anywhere he might choose to appear, but in addition, Chief of Police E. H. Keegan has secured Sergeant Johnson of the Los Angeles police department and the police quartet of the same station for the evening of Thursday, December 1.

No charge of admission will be made for the program, which will be given in the Woman's clubhouse, and Mr. Keegan, with the co-operation of the chamber of commerce, arranged for the distinguished entertainers while attending a police convention in Los Angeles recently.

Primarily the program will be for the general education of the public, and while Nick Harris's lecture, like those engrossing tales he tells over the radio on Wednesday evenings, will be highly entertaining, Sergeant Johnson has a number of pictures of actual traffic accidents occurring in the city of Los Angeles, and will attempt to show the dangers of disregarding the traffic regulations.

The Police Quartet needs no introduction, and will come to Sierra Madre immediately after giving a program over radio. Every spare minute of the singers is taken up, and it was difficult for Mr. Keegan to select a night upon which they would be free.

The program will be preceded by a dinner at the Masonic Temple for the visitors. The officers of the chamber of commerce, the local police force and the entertainers will be present.

Local Actors To Appear In 3-Act Comedy

Difficult Period of Married Life is Theme for Clever Play

Many years and many periods in the lives of married people have been designated by expert authorities as the most difficult stage, but the first year has been the favorite subject for matrimonial crepe hangers, since the time when, before the first twelvemonth's lease was up on Eden, Adam blamed Eve for his indiscretion.

Frank Craven has written a very clever play around the pitfalls of that tender period of married life, and for the past three weeks Cecily Allen, director par excellenc, has ben supervising rehersals of the three act comedy-drama.

The production will be given for the benefit of the parish house of the Church of the Ascention, with the following cast, most of the members being old favorites in Sierra Madre:

Grace Livingston...Mrs. H. R. Wood
Mr. Livingston.....R. M. Finlayson
Mrs. Livingston..Mr. James Hawks
Dr. Anderson....Rev. H. B. Moore
Dick Loring.....Stafford Sadler
Thomas Tucker.....David Buchan
Hattie.....Cecily Allen
Mr. Barstow....Charles Hall Perry
Mrs. Barstow.....Bessie Glenn

The play will be presented in the Woman's club auditorium the Friday and Saturday following Thanksgiving.

Boy Scouts Hold Court of Honor

Court of Honor, conducted by O. W. Bryant, chairman of the San Gabriel Valley board of Boy Scouts, in the auditorium of St. Rita's last evening, was attended by a large number of the Scouts from the Sierra Madre troop, as well as their parents.

R. R. Moreland, commander of the American Legion post, was in charge of the meeting, as the post has recently agreed to sponsor the troop. Father Edwin Ronan, chaplain of the local post, talked to the boys on "Scouting, following the award of honors.

Useful Plants Are Found In Orient

P. H. Dorsett, agricultural explorer for the United States Department of Agriculture, recently returned to the United States after two and a half years of searching in China and the tropical islands of Sumatra, Java, and Ceylon for plants that may be useful in American agriculture. With the assistance of his son, J. H. Dorsett, he made thousands of selections of seeds, plants, scions, bulbs, tubers and cuttings.

This plant material, after passing inspection to determine its freedom from insect pests and diseases, and after being grown for a time in detention as an additional safeguard against the introduction of pests, will be sent to scientific workers of the department, state experiment stations and other testing gardens to determine its adaptability to our conditions of soil and climate, its possible use for breeding work and other qualities. Such testing takes considerable time, often requiring ten years or more, before the worth of a particular introduction has been sufficiently established to warrant giving it to the public.

Interest in New Varieties

Because of the importance of wheat and barley in this country and the increasing importance of soy beans and mungo beans, special attention was given to securing new varieties of these crops.

What is considered as perhaps the best collection of soy bean varieties ever brought to the United States is the one collected by the Dorsetts in Manchuria with the help of B. W. Skvortzow, a Russian botanist teaching agriculture in the high school in Harbin, Manchuria. Upon learning the mission of the Americans he planted 100 varieties of soy beans in the local botanical garden. When the Dorsetts visited the place in the fall after harvest they were told to take what they wanted, plant and all.

The willing foresight on the part of the Russian scientist enabled these explorers to send 100 varieties of soy beans to the United States in their entirely, thus saving investigators in this country a year's time in securing material for study.

It is estimated that 70 per cent of the soy beans grown in China are produced in Manchuria and that upwards of 9,000,000 acres in that region is devoted to this crop. Something like 4,000,000 acres of soy beans were grown in the United States last year as a result of previous introductions. It is hoped that among the new varieties will be found some that are suitable for culture in regions farther north in this country and in other sections where the crop is not grown.

Mungo Beans of Importance

Mungo beans is another staple crop in Manchuria and many parts of China proper which is of coming economic importance in the United States, said Mr. Dorsett. In their native country they are used as Mungo bean sprouts, and are an important scource of their best bean vermicelli.

Sixty per-cent of the barley grown in the United States is the result of one introduction from Manchuria. Many varieties of barley were included in the collection because of their possibilities.

Mr. Dorsett will ultimately receive more than 500 seed packets of wheat, barley, soy beans and other grains from the far cornors of northern Manchuria where agricultural explores have been unable to penetrate. No railroads enter that region and mail, carried by foot runners, may be several months on the way. Through the co-operation of the postal commission of Manchuria, D. McLorn, samples of these major crops are being secured from each of the areas served by 500 rural postal stations.

Many packets of seeds have already come in and others are continually being received. When the collection is finally accumulated it will be a valuable source of new plant material for direct production and also for selection and plant breeding experiments; and one that was made at a very slight cost to the United States, so far as the actual cost of the plant material is concerned.

The expedition was further aided by the Chinese Eastern railroad, through the hearty co-operation of M. K. Gordeye, chief of the land department, in supplying to the United States Department of Agricultural explorers, a private car completely equipped with living quarters. Thus they were enabled to travel from station to station, making stops of a week or more to travel on foot into the interior.

Art Students Interested In Big Contest

Local art students are much interested in the annual poster contest of the National Orange Show, California's greatest mid-winter event, which is to be staged in San Bernardino next February. Throughout the entire state art students of not only the cities but the suburban schools are engaged in creating posters which are offered in competition for the event. Last year more than 300 posters were submitted.

A number of years ago it was decided by the National Orange Show that it would be a fine idea to have the poster competition among the art students of the state rather than to have these posters made by commercial artists. The purpose was two-fold—to publicize the National Orange Show and to acquaint the students of the state with the importance of the citrus industry. Because of the fact that the National Orange Show is a non-profit organization, the response was instant. Each year a large number of posters are submitted. Eoch year a larger number of students come to know more of what the citrus industry means to this state.

The creation of these posters, the National Orange Show believes, has some value to the art departments, but there is still another angle for the student whose poster wins the decision of the judges is awarded $25 cash. The second selection is awarded $15, the third $10, and the next three selections, each $5. These posters are exhibited in Los Angeles where they are viewed by thousands. All art students participating are given complimentary tickets to the Orange Show.

The first selection as determined by the judges will be reproduced and will be the official design of the Eighteenth National Orange Show and will be distributed over the United States. The contest ends November 22.

Benefit for Homeless Children Is Given—

As a benefit for the fund for placing homeless children in the Pasadena district, the Native Sons and Daughters of this section are sponsoring an entertainment at the Shakespeare club, 230 South Los Robles, Pasadena, this evening.

The program will be presented by pupils from the large dancing school conducted by Pearl Keller of Hollywood, and will consist of numbers which recently packed the Philharmonic Auditorium in Los Angeles.

The Native Sons and Daughters annually raise money to carry on the work among the homeless children of the district, taking part in a statewide project whereby over 3000 children have been placed in good homes since 1910.

Browning Club to Meet Sunday—

The Browning Reading Circle of Sierra Madre will meet Sunday afternoon, November 20, at 3:30 o'clock at the home of Mrs. S. H. Guilford, 241 East Grand Avenue. Several of Browning's poems on painting and artists will be read and discussed. Anyone interested in reading Browning's poetry is cordially invited to be present.

Spend Weekend at San Clemente—

Dr. Marie A. Everett of 153 Santa Anita Court, accompanied by her niece and husband, Mr. and Mrs. William Speek of Los Angeles, spent the week end at San Clemente, the Spanish village, and San Diego. They left by motor Friday morning and returned Sunday evening.

The weather was all that could be desired, they report. All buildings, whether business or residences, at San Clemente are of Spanish type architecture. Dr. Everett has a lot near the country club, where many entertainments and dances are held. Dr. Everett has been unable to attend any of the club functions on account of the distance from Sierra Madre.

Eastern Star Dinner Is Off—

On account of the full evening of business to be transacted Monday, November 21, at the Eastern Star, the worthy matron, Mrs. Pearl Steinberger, has thought it best to call off arrangements for the dinner planned by the chairman of the hospitality committee. There will be balloting, and an enjoyable social hour will follow the meeting.

Women Take Wreaths To Sawtelle Home—

Approximately 100 wreaths were completed for the Soldier's Home at Sawtelle by the women of the Sierra Madre club, working Tuesday under the direction of Mrs. Laura Cline, head of the committee for co-operation with ex-service men of California.

The wreaths, which are being made in large quantities by the woman's clubs of Los Angeles county to hang in the windows of the hospital and home during the Christmas holidays, were taken to Sawtelle yesterday by Mrs. Cline and Mrs. Leighton.

The two committeewomen also took to the surgical ward, which has been adopted by the local club, a large amount of fruit, fruit drinks, candies and cakes, as a pre-Christmas ogering.

Bridge Luncheon at the Brentwood Club—

Mrs. George Morgridge attended a reunion of college mates at the Brentwood Country club Wednesday afternoon, at which time Mrs. Charles Swiggett and Mrs. Robert Huston of Los Angeles entertained with a bridge luncheon. There were forty-four guests present and the autumn motif was carried out at the two attractive tables at which luncheon was was served.

The tables were centered with banks of flowers in the bronze, crimson and orange shades, while tall yellow candles and Thanksgiving favors added to the charm of the ensemble.

Informal Afternoon to Meet Neighbor—

Mrs. Nestor Young, Jr., has invited several of the young matrons of Sierra Madre to her home this afternoon to meet Mrs. Bennett Hinkley who has recently moved here. An informal social afternoon has been planned by the hostess.

"Husband's Night" Is Unsettled—

The date and speaker for husband's night at the Woman's Club is unsettled, and will be announced in the near future. The event will be late in this month, it is believed, and a speaker who will have a message of especial interest to the men will be secured.

Spend Weekend at Balboa Cottage—

Mrs. H. E. Allen and her two sons, Edmund and David, spent the weekend at Balboa, occupying Idle-a-Bit cottage. Mrs. Allen's sister, Mrs. C. J. Fox of Los Angeles was also in the party.

Mr. and Mrs. Abby De Avierett of Los Angeles have purchased a cottage near Inspiration Point. It is the intention of the family to use the cottage for week end visits, and many improvements are to be made. Mr. De Avierett is a well known musician. The sale was made through the offices of W. R. Humphries and Miss Laura Cadmus.

Captain John Osgood, who underwent a major operation at the veteran's hospital at Sawtelle, is getting along nicely, it is reported by his son who, accompanied by Mrs. Frank Barbour, Dr. and Mrs. A. O. Pritchard and Mr. Corlette, visited at the home Wednesday. Mrs. Frank Barbour spent several hours with her husband, who is also doing nicely.

Mrs. G. A. Clarke and family have just moved to Sierra Madre from Dickinson, North Dakota, and have taken the house at 245 West Laurel Avenue. Mrs. Clarke is a dentist, and will shortly open offices in Sierra Madre.

VOTE

IMPORTANCE of voting in the chamber of commerce election can hardly be overestimated. The final ballots must be in the office of the secretary by next Monday night. Ten good men have been nominated to fill the five positions on the directorate. It will be encouraging not only to the men who are elected but to all the officers to have a large vote polled, thereby showing substantial interest in chamber affairs.

The chamber of commerce is another of those organizations which are taken too much for granted by the average citizen. He is apt to take little or no interest in its work until he wants something put over which concerns his personal interests. Then he is apt to rush in with a petition or a membership application and expect immediate returns on his pet project. If he fails to get action he proceeds to condemn the chamber of commerce from that time forward as inactive and useless. If there is any ground for criticism of the organization it is because there are too many people in the community just like himself.

However, the Sierra Madre chamber of commerce can stand on its record of achievement. With limited means it has done much that is worth while in making for a better community. A large vote cast by the members in the annual election will be indicative of a healthy condition and give promise of much for the future.

STICK TO YOUR PRINTER

ONE of the shrewdest advertising men in the country is Ernest Elmo Calkins of New York. He is not a printer but is a large buyer of printing. Hear his words of wisdom:

"I have spent nine years buying advertising printing. Naturally I have some ideas upon the subject, and they are pretty positive ideas. The chief of these is that you cannot buy printing by the yardstick. I have found that there is only one way to get good printing, and that is to find a good printer and to trust him absolutely. When I have such a printer I never dream of asking for an estimate.

"When I suggest such a process to a business man he goes up in the air; but that is owing to his lack of experience, and not to the fallacy of the theory. Of course it would be very easy for a printer to get the best of me once or twice on this plan, but if he expected to work for me right along, year after year, he would not sacrifice future orders to any immediate proqt.

"Every time you pare down the price you knock out some essential quality to good printing. Good paper costs money. Good ink costs money. Intelligent typesetting costs money. Perfect presswork costs money. You can take any good job of printing and do it for perhaps one-fourth less but you will not get the same job.

"The whole theory of getting estimates upon printing, if it is to be good printing, is wrong. You might just as well get an estimate upon a piece of designing or upon a case of diphtheria. The only question to be answered is, 'What printer can do the work'?"

Interesting News Notes from Sierra Madre Canyon

Signalizing the end of the first phase of the construction of the dam at the head of the Canyon, the steam shovel which has been engaged in digging the foundation to bed rock was removed on Wednesday. It took approximately three weeks of constant excavating to reach this point. With the ending of this portion of the work and the completion of the cement mixer actual work on the pouring of cement will begin soon, several carpenters being employed in the construction of the necessary forms. Among Canyon residents engaged in the work are Steven Petsel, Charles F. Gilmore and H. Lighthart.

On Monday afternoon Mrs. L. S. High entertained a group of her friends at her home on 408 Alta Vista Drive. The time was pleasantly spent in playing bridge. After the games delicious refreshments were served by the hostess. Those present were Mesdames A. J. Dewey, C. L. Hoover, James Heasley and R. S. Webb.

Mrs. Lillian I. Lewis, who has been engaged in the real estate business in Berkeley for the past three months, was called home on account of the illness of her mother in Hollywood. Mrs. Lewis spent Monday in the Canyon visiting friends.

After ten year's residence in the Canyon, Mr. and Mrs. J. F. Key and family have moved from their cottage "Keystone" on Brookside Lane to 120 No. Parkwood Avenue, Pasadena, where they will make their future home. The many friends of Mr. and Mrs. Key learned with regret of their decision to leave the Canyon.

Mr. and Mrs. F. A. Evans, formerly of Long Beach, are occupying their cottage "Just a Mere Home" at 555 Brookside Lane where they expect to remain permanently.

Miss Minerva Boatright spent Tuesday and Wedsesday at her new Canyon home "Virge Inn" on Brookside Lane.

Mrs. Nettie J. Forrest and Mrs. Rebecca Romaine Hill entertained Mr. and Mrs. Edwin Keeler and their smal daughter, Rebecca Romaine, of Long Beach, at Forrest Cottage on Tuesday and Wednesday. Mrs. Keeler and Mrs. Hill are sisters.

Mr. and Mrs. William H. Carter and family, who for the past two months have occupied "Polly's Whim" on Woodland Drive have moved to 44 West Avenue for the winter.

The Misses Annetta Carter and Janet Allen, accompanied by Miss Stoddard, the science teacher at a Pasadena school, spent the week end in a cabin on Old Baldy.

Luncheon Follows Meeting of Shakespeare Club—

Low bowls, filled with pink and white chrysanthemums, were placed at intervals on the exquisitely appointed luncheon table around which Mrs. C. H. Baker of Pasadena entertained the members of the board of directors of the Sierra Madre Woman's club Wednesday.

Tall, pink candles in crystal holders lent grace to the miniature fairyland created along the center of the large table, where places were marked for sixteen including the hostess.

Following luncheon, the guests roamed about the lovely gardens of the Ardmore Drive home, and spent the afternoon in an informal manner. In the morning the Sierra Madre women were Mrs. Baker's guests at the Shakespeare club, where they heard Aliene Greenwood read a most interesting paper.

Those present were Mrs. Fletcher White, Mrs. John Osgood, Mrs. William Lees, Mrs. Nestor Young, Jr., Miss Clara Sykes, Mrs. F. L. Roess, Mrs. H. H. Steinberger, Mrs. N. W. Tarr, Mrs. E. E. Bacon, Mrs. Walter Poehler, Mrs. W. R. Humphries, Mrs. Robert Corlette, Mrs. C. W. Collins and Mrs. Frank Hart.

The Misses Margaret and Dorothy Moote will have as their houseguests over the week end the Misses Marian Wright, Mickey Tannier and Anna May Dillard of Torrence. The group will attend the Pasadena-Long Beach football game at Long Beach.

Christmas Bazaar Plans Complete—

But two sewing meetings remain prior to the annual Christmas bazaar and dinner which has been arranged by the Ladies Aid of the Congregational Church for Friday, December 2, and Mrs. E. E. Bacon is anxious that as many of the members as possible turn out Tuesday for the work session. There will be an all day meeting in the church with luncheon at noon. Each member is to furnish her own sandwiches, and a hot dish and coffee will be served by the hostesses, Mrs. W. J. Ropp, Mrs. Clarence Bandy and Mrs. Percy Kortkamp.

The articles for the bazaar surpass any of previous years, is the report of the women who have been making them for the past several months, and the sale will be held in the Woman's Club, commencing at 10:30 in the morning of December 2.

Dinner will be served in the evening, and arrangements will be made to take care of private parties, providing Mrs. Fred Staff is notified in time. Reservations for the dinner should be made with Mrs. Staff not later than the Wednesday preceding the affair.

Mrs. W. E. Walker is preparing the meal which will be followed by a short musical program. Other committee chairmen were as follows: Luncheon and bridge sets, Mrs. Hugo Carlson and Mrs. Will Kirschner; handkerchiefs, Mrs. J. M. Campbell and Mrs. H. H. Steinberger; smocks, Mrs. Hortense Hill; aprons, Mrs. W. J. Ropp; cooked food, Mmes. F. H. Hartman, Rice and Gay; towels, Mrs. W. S. Hull; antique display, Mrs. S. H. Guilford, Mrs. Robert Corlette and Mrs. Scantlebury.

The League of Youth and the younger departments of the Sunday school will also have booths.

Entertained Bridge Club—

Mrs. Robert Steinberger was a gracious hostess yesterday afternoon when she entertained the members of the small bridge club to which she belongs. Rooms in which the brdige tables were arranged were lovely with their baskets of fall blossoms, and at the close of the playing the hostess served a dainty two course luncheon. The Thanksgiving motif was carried out in the tallies and the table appointments. Besides the members there were two guests for the afternoon, Mrs. Joyner Cornes of Monrovia and Mrs. Stella Dennison.

Missionary Meet Follows Lunch—

An interest account of her travels in Turkey was given by Mrs. E. D. Burbank, who has just returned from a trip abroad, at the round-table Missionary Society meeting Tuesday at the Congregational church.

The Missionary meeting and program followed luncheon, which was participated in by the women of the Aid Society as well. During the morning the Ladies Aid members had met to sew on articles for the bazaar, and luncheon was prepared by Mrs. J. M. Campbell and her committee.

Gordon McMillen, Roy Walsworth and Gordon Brooks left yesterday for Salton Sea, where they will spend several days hunting ducks. A motor boat has been chartered, and the men have made complete arrangements for a splendid trip.

The benefit card party which was to have been given by the Woman's Club on December 5th has been postponed until the following night, because of the conflict with the installation of officers of the Eastern Star, it was announced today by Mrs. Fletcher White, president of the club. The local chapter of the Star has decided to hold an open installation, and in order to avoid double engagements for the night, the club has taken the open night.

Rebuilding a country nearly half the size of England!

----*your* RED CROSS *is doing*

it along the Mississippi River

THE fiscal year ending June 30, 1927, was the greatest year of disaster ever experienced in this country. Flood and tornado, fire and hurricane followed one another with clock-like regularity. In all, the Red Cross administered relief following seventy-five catastrophes.

Overshadowing them all was the flood of the mighty Mississippi. When the Father of Waters left its shores to rush into adjoining counties and parishes, more than 3,600,000 cultivated acres were laid waste—an acreage equal to the combined cultivated acreage of New England, excluding Vermont.

The flood, extending nearly a thousand miles from Cairo, Illinois, to the Gulf, inundated 20,000 square miles in the seven states of Illinois, Missouri, Kentucky, Arkansas, Tennessee, Mississippi and Louisiana. The area of land under water was nearly **half the size of England!**

And through it all, Red Cross relief rose to its greatest heights. 136 refugee camps provided shelter, food, clothing and medical aid for 350,000 homeless persons—a figure slightly less than the entire population of Kansas City or Indianapolis. 200,000 head of live stock were saved, and sheltered, and fed, and later returned to their owners. The Red Cross rescue fleet, which saved nearly 200,000 lives, numbered almost a thousand large river boats and many thousands of smaller craft. For the first time in the history of the organization aviation and radio played tremendous roles.

Since June the Red Cross reconstruction program has been in full force. In the three states of Mississippi, Arkansas and Louisiana, 7,668 houses must be rebuilt, thousands of others repaired.

Mr. and Mrs. H. J. Buckingham spent Sunday in Riverside where they participated in a family celebration of the golden wedding anniversary of Mrs. Buckingham's parents, Mr. and Mrs. George Attride. The anniversary date was November 15 and it was marked by the receipt of many gifts and other attentions from all parts of the world.

Mr. and Mrs. Attride were married at Petermaritzburg, South Africa. Mrs. Attride had been taken there by her parents from England when but a small child and lived there nearly 20 years. They met when Mr. Attride was stationed in Africa as a member of the British army. A few years after their marriage Mr. and Mrs. Attride came to the United States and lived in New York state until they came to California eight years ago. Mr. Attride was for many years in the employ of the engineering department of the New York city water supply.

"....We saw Sunkist Oranges and Lemons displayed *everywhere*"

MANY Californians, returning from the east, casually remark that Sunkist oranges and lemons appeared to be conspicuously displayed everywhere.

To the public the universal distribution and display of California oranges and lemons merely means that these twin fruits can be readily purchased at any time or place.

But to the California Fruit Growers Exchange, which markets three-fourths of the California citrus crop, it means a goal achieved—an ambition realized.

For, as all merchandisers know, complete distribution doesn't just happen. Dealers everywhere don't buy products and put them in their show windows spontaneously. This salesmanagers' goal of perfection is something that must be built step by step with hard and patient work.

In the case of California oranges and lemons the selling organization of the California Fruit Growers Exchange covers the national fruit trade like a blanket.

Reporting to the central office in Los Angeles are 59 district sales offices, each with a trained staff responsible for sales in a certain prescribed territory.

No other farmers' organization has such complete and reliable knowledge of its markets as the California Fruit Growers Exchange. Good distribution to the wholesale markets is not a matter of guess work. The Exchange knows where every car can be sold to the best advantage because it has up-to-the-minute facts on market conditions everywhere. And it has an aggressive sales organization to take advantage of this knowledge.

But the efforts of the Exchange do not end with carload sales. To the retail trade it sends crews of dealer service men. Theirs is the task of getting the fruit attractively displayed in store windows and making sure it is offered at fair prices. This year these men helped 69,960 grocers, fruit dealers, soda fountains, hotels, and restaurants to display and sell more California oranges and lemons.

And as a final step, through its advertising, the Exchange sends its dealers new customers, bigger buyers—people who have been educated by advertising to feel that they should eat twice as many oranges and lemons as they did a few years ago, and that in buying they should specify, "Sunkist." Thus dealers have seen their sales grow to a point where they are glad, not only to handle California oranges and lemons, but to display them prominently.

So the off-hand remark, "we saw Sunkist oranges and lemons displayed everywhere," conveys more than ordinary satisfaction to members of the Exchange. It means that a good job has been done. It means convenience of purchase to the public, increased sales to the trade, and widest possible distribution for the California citrus industry. But it has been a task that the growers' organization willingly shouldered, for the fruit marketed through the Exchange inevitably benefits most by the sales effort, dealer service and advertising done by the Exchange.

Talk to the manager of the nearest Exchange Association or District Exchange. Or, write for further information to California Fruit Growers Exchange, Box 530, Station "C," Los Angeles.

WHAT THE EXCHANGE IS....

The California Fruit Growers Exchange is a non-profit organization of over 11,000 California citrus fruit growers, producing about 75% of the California citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for California oranges, lemons and grapefruit by continuous advertising, and to provide a marketing organization that will sell the fruit of its members most advantageously and at the least expense. Receipts from sales, less only the actual cost of operation, are returned to the growers. Applications for membership are received through all of the Exchange's 201 local packing associations, 23 District Exchanges or at the central office in Los Angeles.

CROOKS WORK SWINDLES ON HUGE SCALE

Stock swindlers and other fraudulent security promotors are spending huge sums of money each week in their efforts to trap the unwary investory into the net, James C. Auchincloss, president of the National Better Business Bureau, declared in an address before the Chicago Association of Commerce at their meeting in Chicago. Mr. Auchincloss mentioned several instances of the lengths to which the swindlers are going in that direction.

"One promoter operating out of New York City,' 'he said, "has a sucker list of some 600,000 names to which he is mailing a tipster sheet each week. The postage alone must cost this promotor about $36,000 each week. This does not include the cost of printing, the salaries of some 200 girls who mail out these publications, or the cost of the theusands of prepaid telegrams which are sent out each week."

Another instance of the high cost of selling fake securities shown by the speaker was that of a St. Louis man who was solicited to invest only $100 in an automobile and tractor enterprise. In this case, Mr. Auchincloss said, an analysis showed that the paper used in the communications received weighed altogether eleven pounds, and its cost, together with illustrations and printing was estimated to be $29.26. Another item in this $100 campaign was $1.89 for postage, to say nothing of the labor attached to getting out the material.

The speaker told of the work which is being done by Better Business Bureaus all over the country, tracing its expansion during the last fifteen years. Newspapers and magazine publishers and distributers of merchandise and securities were among the first to recognize the value to themselves of honest advertising and honest business methods and, as a result, through the efforts of leaders in the Associated Clubs of the World, the movewas started which finally culminated in the establishment of Better Business Bureaus all over the United States.

The work of these bureaus, Mr. Auchincloss went on, is divided into two distinct sections, financial and merchandise. The former he characterized as competitive work in that the bureaus are constantly competing with unscrupulous but exceedingly wily promoters and purveyors of fake securities. The merchandise work, on the other hand, was described as cooperative.

The Better Business Bureau invites investors and the public to communicate with it for the facts in the case before making any financial commitment, and, with the immense amount of data and large number of files at its disposal, is in a position to give promptly and accurately the information desired. It is the fundamental policy of the Bureau to confine itself to facts and not advice. The prospective investor has to make up his own mind as to the honesty and legitimacy of any investment he may wish to go into after reading the facts as submitted to him by the Bureau.

"It is the effort of the Bureau in the merchandise field to cooperate with groups of industries throughout the country to eliminate unethical practices in advertising and extravagant claims which mislead the public. Today the National Better Business Bureau is in consultation with 26 groups."

"This work," he concluded, "is very engrossing, and it has the supreme satisfaction of being constructive. Underlying it all there is the untloubted note of patriotism. More and more the country is beginning to appreciate the sincerity and the honesty of business men and to realize that it is indebted to them for an organization which adds to its protection and to the general prosperity of the country."

I WONDER

Do we appreciate the effort and thought that many people put into public work? and movements of a nature that helps each and every member of a community?

For the past few days our fellow citizen, Robert Mitchell, has been busy putting over the annual Red Cross Drive. At this time Mitchell lives in Los Angeles and everyday he has come to this city, put in a real day's work for the Red Cross, interviewed many people, issued receipts, made daily reports and given every minute of the day to this ever-busy organization. The American Red Cross. When Mr. Average Citizen walks up proudly and deposits his dollar he feels that he has done his duty and everything.

Well, folks, I want to thank Attorney Mitchell from the bottom of my heart for the effort he has made in the past and the effort he is putting in this week. Thanks, Sir Robert; thanks!

If Mr. Mitchell hasn't asked you for your contribution just come to Red Cross headquarters, Hotel Plaza, and "dig deep."

Saturday evening I will hold open house at the office opposite the bank and will be pleased to take in the dollars that are needed to carry on this wonderful work.

Look back over the past few months and see the work the Red Cross has done. Look ahead and make your dollars work for the benefit of humanity. If you feel like a dollar giver, loosen up and make it five or ten. After all, you are giving to yourself.

Just a line about the little business that's growing — Insurance business, better; Real Estate, better; Employment Bureau, better; Union Pacific, better—everything is better; that's the best I can say.

Here's a good afterthought:

Buck up and Boost.—Give a little, live a little, try a little mirth; sing a little, bring a little happiness to earth. Pray a little, play a little, be a little glad; rest a little, jest a little, if the heart is sad. Spend a little, send a little to another's door; give a little, love a little more.—A. Nutt, in Ottawa Citizen.

MUST GO NOW!

50x150; trees, fruit, sidewalks, street work all in; clear, and $800 buys this fine piece of Sierra Madre. Good neighborhood and a few minutes from car line and stores. See Humphries, then see this lot—then buy!

A REAL SIERRA MADRE HOME

5 real rooms, bath, hall, wonderful cellar construction, A-1. 110x190 feet; sidewalks in; garage; view elevation, just right. Two people nibbling. $800 down, $50 a month. This includes interest. Don't want to publish price because there's no need for the neighborhood to know what you paid for it. Just take my word and see this buy. Don't let this home opportunity escape.
